Daniel:

I tried to call. I did leave you a message. You can talk to me about the security issue with DuckWeb. My name is Brian Lowery. I am the Associate Registrar for Operations at the University of Oregon. Please, if you will, share with me what you have found. You can reach me at my information below.

Thank you,

Brian

Subject: Security hole in duckweb

Hello,

I found a serious security hole in duckweb that allows anyone to publicly access any student's degree audit. Who's the best person to talk to about this? My phone number is 971 998 5407

Thanks,

Daniel
